CONDITIONS OF PARTICIPATION

11. Eligibility

Participation is open to all natural persons who are nationals of and legal persons (participating either individually or in a grouping – consortium – of tenderers) which are effectively established in a Member State of the European Union or in a eligible country or territory as defined under the Regulation (EU) No 236/2014 establishing common rules and procedures for the implementation of the Union's instruments for external action (CIR) for the applicable instrument under which the contract is financed (see also heading 29 below). Participation is also open to international organisations.

Please be aware that after the United Kingdom's withdrawal from the EU, the rules of access to EU procurement procedures of economic operators established in third countries will apply to candidates or tenderers from the United Kingdom depending on the outcome of negotiations. In case such access is not provided by legal provisions in force, candidates or tenderers from the United Kingdom could be rejected from the procurement procedure.

12. Candidature

All eligible natural and legal persons (as per item 11 above) or groupings of such persons (consortia) may apply.

A consortium may be a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure. All members of a consortium (i.e., the leader and all other members) are jointly and severally liable to the contracting authority.

The participation of an ineligible natural or legal person (as per item 11) will result in the

automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

13. Number of applications

No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). In the event that a natural or legal person submits more than one application, all applications in which that person has participated will be excluded.

14. Shortlist alliances prohibited

Any tenders received from tenderers comprising firms other than those mentioned in the short-listed application forms will be excluded from this restricted tender procedure unless prior approval from the contracting authority has been obtained (see practical guide – PRAG – 2.6.3.). Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

15. Grounds for exclusion

As part of the application form, candidates must submit a signed declaration, included in the standard application form, to the effect that they are not in any of the exclusion situations listed in Section 2.6.10.1. of the PRAG.

Candidates included in the lists of EU restrictive measures (see Section 2.4. of the PRAG) at the moment of the award decision cannot be awarded the contract.

16. Sub-contracting

Subcontracting is allowed.

17. Number of candidates to be short-listed

On the basis of the market research conducted, 3 out of 6 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 3, the contracting authority may invite the candidates who satisfy the criteria to submit a tender.

SELECTION AND AWARD CRITERIA

21. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole unless specified otherwise. The selection criteria will not be applied to natural persons and single-member companies when they are sub-contractors.

- 1) **Economic and financial capacity of candidate** in case of candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three financial years for which accounts have been closed.
- 2) **Professional capacity of candidate** The reference period which will be taken into account will be the last three years preceding the submission deadline.
- 3) **Technical capacity of candidate** The reference period which will be taken into account will be the last three years preceding the submission deadline.

Previous experience which caused breach of contract and termination by a contracting authority shall not be used as reference.

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the tenderer relies on other entities it must prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility - notably that of nationality – and must comply with the selection criteria for which the economic operator relies on them. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the services for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the tenderer relies become jointly and severally liable for the performance of the contract.

If more than 8 eligible candidates meet the above selection criteria, their relative strengths and weaknesses must be re-examined in order to rank their applications and identify the 3 best candidates in accordance with point 17 of this contract notice. The only additional comparative criteria that will be taken into consideration during this re-examination, in the order in which they appear below, are:

- 1) the highest number of service contracts that meet criterion 3.1
- 2) the highest cumulated value of all the service contracts that meet criterion 3.1

22. Award criteria

Best price-quality ratio.
