## Balkan-Mediterranean Programme Launching Event - Info Day on 1<sup>st</sup> Call for Project Proposals

Skopje, 03/02/2016

# Project Selection Criteria & Evaluation Procedure

# Evaluation Methodology & Selection Criteria

Potential beneficiaries will submit the proposal to the MA

After submission each application will be subject to a three – phase evaluation procedure carried out by MA/ JS based on the selection criteria

The MA/ JS will examine three different sets of criteria **(administrative criteria, eligibility criteria and quality assessment)**, in **two phases** in order to make a decision on the Project's approval

## 1<sup>st</sup> & 2<sup>nd</sup> Phase Evaluation

### Administrative and eligibility check

- Fulfillment of the technical and eligibility requirements set in the Call for proposals - performed by the MA/ JS on all submitted proposals
- On/ Off criteria: Project proposals that do not meet the administrative and eligibility criteria are automatically rejected
- Decision of the Monitoring Committee on the Results
- All Lead Partners of the submitted Project proposals will be informed in writing

## 3<sup>rd</sup> Phase Evaluation

### Quality Assessment

Quality criteria form the basis for an assessment of the application with the aim of bringing the projects into a certain ranking for selection based on a scoring system. Quality criteria are grouped into two categories:

1. **Quality of the content** (*Relevance & Strategy, Outcomes, Added Value Communication*); and

2. **Quality of the implementation potential** (*Partnership, Management, Methodology, Budget & Finance*)

---

## Scoring and Ranking

To be financed by the Programme a project must:

- obtain a rating equal or greater than the minimum score entitling a project to be financed (60 points);
- obtain at 60% of the maximum score of quality criteria;
- be selected according to the ranking list and the limits of the budget available per Priority Axis of the Call for Project Proposals

## Selection

The Monitoring Committee selects the Projects to be funded by the Programme (Projects to be accepted, Projects to be rejected, Projects acceptable under conditions)

After the completion of the decision procedure of the MC all Lead Partners will be informed in writing on the results

---

## Tips

Link your Project idea to the **Programme Intervention Logic** (PA, Specific objective, Results)

**Project and Programme Indicators** –  
measurements of your actions and their  
effect
